

Filing a cargo claim: Instructions

A Cargo Claim is intended for situations when a shipment was lost, damaged, or partially delivered. Claims for Loss/Damage must be submitted by the party that owns the claim rights (usually the shipper); else written authorization from that party (termed a "release") is submitted with the claim. A claim is filed by completing the DHL Claim Form and returning it, along with the required documentation, to one of the fax, email or mail addresses listed below:

DHL Express
Attn: Cargo Claims
P.O. Box 60428
Phoenix, AZ 85082
Fax: (480) 636-2451
Email address: DHL.CargoClaims@dhl.com

Special note on damage claims:

A claim for damage may require an inspection of the shipment and its packaging. Inspections are completed on shipments covered by Shipment Value Protection values at \$500 or more; however, DHL Express reserves the right to inspect any shipment of any value when evaluating a damage claim. An inspection should be done at the original delivery location. Failure by the consignee to retain the original shipment and packaging at the original delivery location, or the failure to make said items available for inspection may invalidate the claim.

Steps to file a cargo claim

1. Complete and submit the Claim Form to DHL. It is preferable to have the form filled out electronically. However, if this is not possible, please ensure writing is legible. If you require additional space to detail the items claimed, please attach separate sheet(s) as needed.
2. Include all supporting documentation. The documentation required is outlined and specified on the Claim Form and varies depending on the claim type (damage claims require additional items). Providing all the documents specified will allow for resolution of most claims within thirty calendar days. However, DHL Express reserves the right to ask for additional paperwork in certain circumstances. As an example, requests for Loss/Damage Cargo Claims must be submitted by the party that owns the claim rights (usually the shipper); else written authorization from that party (termed a "release") is required.
3. Include photographs if the item is damaged. Photographs should include pictures of the item(s) themselves, as well as any internal and external packaging materials.
4. Review all documentation to ensure accuracy and completeness. Incomplete, inaccurate, or illegible documentation could delay your cargo claim and result in possible denial.
5. Written notification of claim resolution will be mailed to the claimant's address as specified on the DHL Claim Form.

When processing a claim, DHL follows the appropriate Terms and Conditions of Carriage.

The Terms and Conditions of Carriage outline the time limits for filing a cargo claim and DHL's maximum limit of liability. The Terms and Conditions of Carriage can be reviewed below as well as on the back of the airway bill. If viewing online please be sure to choose the document corresponding to the service type used on the original shipment. [View service conditions](#)
